Discover all the ways we can help you look and feel your best.

# INJECTABLES

## **BOTOX® COSMETIC**

Soften moderate to severe lines and wrinkles in the forehead, crow's feet and frown lines, and prevent new lines from forming with Botox injections. It produces noticeable but subtle results that last up to 4 months — with little to no downtime.

15 minutes - \$12 per unit

## **BOTOX LIP FLIP**

This non-surgical procedure temporarily relaxes the muscle in the upper lip, causing it to roll upward slightly, which creates a more defined and full shape that doesn't disappear when you smile. Smooths vertical lines as well.

15 minutes - \$100

## **MINI LIP POUT**

Perfect for first-time patients or those who want to build their lips slowly, the Mini Lip Pout creates beautiful, smooth lips with crisp borders. This smaller, more incremental process gives the lips a subtle plump that looks natural.

30 minutes - \$399 up to 1cc of hyaluronic filler

Upgrade to the Full Lip Pout within a month of your appointment for \$525 off your next 1cc of dermal filler (\$75 savings)

## **FULL LIP POUT**

We use our own signature technique to achieve a full, plumped pout. This treatment helps correct lip asymmetries, reduces the appearance of fine lines on the lips and mouth area, defines the lip shape and cupid's bow, and adds fullness.

30 minutes – starting at \$600

## **CHEEK FILLER/ MID-FACE**

Cheek filler lifts and contours the cheekbones and rejuvenates the mid-face by smoothing wrinkles and creating more defined and sculpted cheekbones.

30 minutes - starting at \$600

## **UNDER-EYE FILLER**

This treatment rejuvenates hollowing under the eyes and immediately helps correct darkness underneath the eyes, resulting in a more refreshed appearance.

30 minutes - starting at \$600

# CUSTOM CONTOUR

## JAWLINE SCULPTING

Ideal for men or women who want an improved side profile, dermal filler creates a more angular, contoured and sculpted jawline.

30 minutes - starting at \$600

## CHIN AUGMENTATION

As we age, we lose supportive bone and soft tissue in the key focal area of the face. Chin dermal fillers counteract that process by restoring proportion and harmony by redefining the lower facial proportions to improve overall appearance.

30 minutes - starting at \$600

## TEMPLE FILLER

Loss of volume in the temples can have a big impact on the face. By targeting temple hollows with an injectable dermal filler, we achieve a lifted appearance — like having a mini facelift without the use of scalpels.

30 minutes - starting at \$600

All face and body procedures begin with a professional skin consultation by our medically trained aesthetic professionals and are customized to meet each client's needs. For optimal results, we recommend purchasing a full series of treatments.

## FACIAL SLIMMING

Also known as masseter or jawline slimming, this is a simple procedure to combat facial heaviness, creating a more oval facial shape. Small injections of Botox offer an effective solution to slimming down the face, restoring its youthful shape.

15 minutes - \$12 per unit

### NON-SURGICAL

## RHINOPLASTY

The nose is a dominant facial feature so any major flaws can offset facial symmetry and balance. We use injectable fillers to alter the tip, shape the bridge of the nose and smooth any bumps or ridges.

30 minutes - starting at \$600

### NON-SURGICAL

## LIQUID EYELIFT

✦ Signature Bright Eyes Treatment

Our most popular treatment! Dermal fillers and Botox are used to reduce the appearance of tired, sunken eyes.

The combination of cheek, under-eye filler and Botox re-establishes volume and lift in the mid-face resulting in a refreshed and youthful look.

30 minutes - starting at \$2,200

### NON-SURGICAL

## FACELIFT

✦ Signature Beauty Lift Treatment

The days of looking tired, worried, sad or angry are over. Soma's Beauty Lift Treatment uses a custom blend of dermal filler and Botox injections to revitalize the face and reverse the effects of aging. Our liquid facelift can help smooth fine lines and wrinkles and restore youthful volume to facial features without the need for invasive surgery.

30 minutes - starting at \$4,300

RADIO FREQUENCY MICRONEEDLING

# MORPHEUS8

Morpheus8's advanced microneedling radio frequency technology is the latest revolutionary device that targets the deeper layers of the skin to contour, lift and tighten the face or body to give smooth, radiant and youthful results.

At the top of the innovative device are 24 gold-coated microneedles that stimulate a healing response from the skin, which increases the elastin and collagen production – what we need to keep looking youthful and refreshed. At the same time, the radio frequency energy heats the tissue under the skin and simultaneously tightens connective fibers and molds the fat to lift and firm the contours.

The results speak for themselves:

- Effective on loose skin as it **contours, lifts and tightens** the face and body
- Promotes **collagen production** in the underlying dermis layers
- Can be used on **darker skin tones** (skin type VI), with minimal risk of post-inflammatory hyperpigmentation (PIH), thanks to its specialty color-blind technology
- Reduces the appearance of fine lines and wrinkles
- Fades acne scarring
- Improves hyperpigmentation
- Helps to reduce the appearance of stretch marks
- Improves and smooths cellulite and uneven skin texture
- Reduces skin irregularities

With a final treatment plan of 1-3 sessions over a period of time, the skin's appearance will be smooth, sculpted and rejuvenated. This will be determined during the consultation and post-treatment.

SKIN-TIGHTENING

## FORMA

Our Forma facial is the perfect non-invasive, pain-free, skin tightening, smoothing, collagen-stimulating solution for the face and neck and nearly anywhere on the body. This pain-free treatment produces immediate results and requires no downtime. It's like getting a hot-stone massage on your lunch hour.

45 minutes - 1 treatment: \$350 | 3 treatments: \$800 | 6 treatments: \$1,500  
consultation required for body pricing

PHOTO REJUVENATION

## PHOTOFACIAL IPL

Makeup alone may not be enough to cover unwanted sun damage spots, age spots and dark pigmentation areas on the skin. These issues can make you look older than you really are. The Lumecca IPL™ treatment gently and effectively reduces age spots while improving the tone and appearance of sun-damaged skin and stimulates the natural production of collagen within the body, which is important for firm and youthful-looking skin. This treatment can be used on all areas of the body.

1 treatment: \$399 | 3 treatments: \$800

NON-SURGICAL LIFT

## FRACTORA

Fractora stimulates the formation of new collagen through micro-channels of energy, prompts sub-dermal skin tightening and improves the skin's elasticity for remarkable short- and long-term results. According to InMode, the outcome includes "improvement in skin complexion, reduction in skin irregularities and restoration of a more youthful appearance." Fractora has also been shown to improve acne scarring by up to 50%, results may vary.

1 hour - 1 treatment: \$600 | 3 treatments: \$1,600  
consultation required for body pricing

## BODY CONTOURING

**BODYFX**

A long-lasting, non-invasive solution to reduce the unsightly appearance of cellulite, leading to improvements in body contouring. This treatment helps reshape the body by providing a non-surgical alternative to liposuction using clinically proven modalities including radio-frequency energy, deep-tissue heating and suction-coupled negative pressure. It's the perfect solution to eliminate a mommy tummy, muffin top or any other problematic area.

1 treatment: \$400 | 6 treatments: \$2,000

**AQUAGOLD® FINE TOUCH™**

Aquagold fine touch uses gold-plated microneedles to deliver a custom cocktail of Botox, fillers, serums, and vitamins into the skin. This treatment is tailored to your specific needs to help improve brightness, reduce redness, minimize pores, fine lines, wrinkles, acne and scarring.

30 minutes - \$600

**LASER HAIR REMOVAL**

Say goodbye to waxing, shaving and tweezing for good! Our InMode Diolaze laser is the gold standard in laser hair removal machines. Suitable for most skin types, our laser platform allows for safe, effective and long-lasting treatments that can help you enjoy smoother skin and a life free from the nuisance of unwanted hair.

All laser hair removal treatments require a professional consultation prior to appointment. Please note that the average laser hair removal patient requires 6-10 treatments for optimal long-lasting results.
